

As provided in Chapter 197.402, Florida Statutes, notice is hereby given that on the 1st day of June, 2018 beginning at 7:00 a.m., tax certificates will be sold at a public auction on those lands on which taxes for 2011-2017 have not been paid and will continue until each parcel is sold to pay taxes, interest, costs and charges thereon. The sale will be held on the Internet at www.bidpinellas.com and the site is now available for registration and review. If there are any questions regarding the online tax certificate sale, please contact Grant Street Group Customer Service at (800) 410-3445. For inquiries regarding property taxes, please contact the Pinellas County Tax Collector's office at (727) 464-7777.

Under the provisions of Federal law, specifically 50 U.S.C. sec 560, the Tax Collector's office is required to restrict the rate of interest charged on any delinquent tax certificate that may be sold against properties owned by men and women actively in the military. The maximum interest rate which may be imposed is 6%, not the Florida statutory 18%.

Since this office has no reliable way of identifying the properties owned by persons who are entitled to this protection, we are asking that anyone who reads this notice that believes the property identified herein may be owned by a military member affected by this law, please contact us immediately at the following special service number, (727) 464-3409 or by email at deedsupport@taxcollect.com.

PINELLAS

SPOTLIGHT: Meet Charles W. Thomas, CFC

Charles in Charge

Forget everything you thought you knew about tax collectors.

Special to the Business Observer

CHARLES W. THOMAS, Pinellas County Tax Collector since Jan. 2017

Hate is a strong word, but for centuries, it's applied to the public perception of tax collectors. Pinellas County Tax Collector Charles W. Thomas is changing that perception, one transaction at a time. Thomas served as Chief Deputy Tax Collector for 16 years before becoming Tax Collector in 2017. He was the driving force behind the organization's efforts for continuous improvement, which resulted in the office being selected for the prestigious Governor's Sterling Award in 2013 and the Governor's Sterling Sustained Excellence Award in 2016.

"This award is the highest recognition an organization in Florida can receive for performance excellence. The Governor's Sterling Award process is an efficient tool for all organizations that saves Florida businesses millions of dollars annually," says Florida Sterling Council Chairman John Pieno.

The Tax Collector's Office makes it a priority to find ways to do business better, faster, and cheaper. To deliver customer-focused excellence, the office employs a knowledgeable workforce of nearly 300 skilled tax specialists, accountants, and customer service representatives. Technology is also a

key part of its operations, including online payment options, a modern call center, cloud-based systems, and an annual online tax certificate auction. Thomas knows technology isn't the only solution, though.

"We achieve continuous improvement by empowering our workforce to excel," he says. "It starts with having the right people, top-notch training, and a drive for success."

Thomas' dedication to public service began while serving in the Air Force,

“ We achieve continuous improvement by empowering our workforce to excel. It starts with having the right people, top-notch training, and a drive for success. ”

handling avionic maintenance of F-15s. He later served as Program Manager for Gordon-Darby, Inc. where he was responsible for the operation of 11 emissions testing centers.

"Tax collectors are infamous for taking, so it surprises people to know how much we give back to local charities," he says.

His offices support and promote six Florida nonprofits throughout the year with missions ranging from environmental to health and education.

Thomas is also proud of his office's Kids Tag Art Program which raises funds for elementary art classrooms and college scholarships. In just three years, they have raised more than \$144,000. In this program, fifth graders design unique front license plates, which can be printed.

"It means the world to know we are making a difference," Thomas says.
