Why Public Notice Should Remain in Newspapers

Along with open meeting and freedom of information laws, public notice is an essential element of the

three-legged stool of government transparency

VS

This is not about "newspapers vs the internet".

It's newspapers and newspaper websites vs government websites

and newspaper websites have a much larger audience. Moving notice from newspapers to government websites would reduce the presence of public notices on the internet

Requiring independent, third-party newspapers to ensure that public notices run in accordance with the law helps

prevent government officials from hiding information

they would prefer the public not to see

Since the first U.S. Congress, public officials have understood that newspapers are the best medium to notify the public about official matters because they contain the

essential elements of public notice:
