

Why Public Notice Should Remain in Newspapers

Along with open meeting and freedom of information laws, public notice is an essential element of the **three-legged stool of government transparency**

This is not about “newspapers vs the internet”.

It’s newspapers *and* newspaper websites vs government websites

and newspaper websites have a much larger audience. Moving notice from newspapers to government websites would **reduce the presence of public notices on the internet**

Requiring independent, third-party newspapers to ensure that public notices run in accordance with the law helps

prevent government officials from hiding information

they would prefer the public not to see

Since the first U.S. Congress, public officials have understood that newspapers are the best medium to notify the public about official matters because they contain the

essential elements of public notice:

Accessibility

Independence

Verifiability

Archivability

Publishing notices on the internet is neither cheap nor free

Newspapers remain the primary vehicle for public notice in all 50 states
