NOTICE OF PUBLIC HEARINGS TO CONSIDER IMPOSITION OF SPECIAL ASSESSMENTS AND ADOPTION OF ASSESSMENT ROLL PURSUANT TO SECTIONS 170.07 AND 197.3632(4)(b), FLORIDA STATUTES, BY THE DEERING PARK STEWARDSHIP DISTRICT

AND NOTICE OF MEETING OF BOARD OF SUPERVISORS

The Board of Supervisors ("Board") of the Deering Park Stewardship District ("District") will hold public hearings and a regular board meeting on **September 29, 2025 at 2:00 p.m. at the Storch Law Firm, 420 S Nova Road, Daytona Beach, Florida 32114**, to consider the adoption of an assessment roll, the imposition of special assessments to secure proposed bonds on benefited lands within the Deering Park Stewardship District ("District"), a depiction of which lands is shown below, and to provide for the levy, collection and enforcement of the special assessments. The streets and areas to be improved and property subject to the special assessments are geographically depicted below and in the District's *Master and Supplemental Engineers Report for DPSD JV1 #1*, dated August 12, 2025, (the "Improvement Plan"). The public hearings are being conducted pursuant to Chapter 2017-206, *Laws of Florida*, and Chapters 170, 189 and 197, *Florida Statutes*. A description of the property to be assessed and the amount to be assessed to each piece or parcel of property may be ascertained at the District Manager's Office located at 2300 Glades Road, Suite 410W, Boca Raton, Florida 33431, (561) 571-0010.

The District is a unit of special-purpose local government responsible for providing infrastructure improvements for lands within the District. The infrastructure improvements ("Improvements") are currently expected to include, but are not limited to, roadways, alleys, mobility trails, stormwater management facilities, water distribution system, wastewater system, reclaim water system, landscaping, hardscaping and irrigation system improvements, recreation improvements, street lighting improvements, and other improvements, all as more specifically described in the Improvement Plan, on file and available during normal business hours at the address provided above.

The District intends to impose assessments on benefited lands within the District in the manner set forth in the District's *Master Special Assessment Methodology Report for the DPSD JV1 #1*, dated August 12, 2025 (the "Assessment Report"), which is on file and available during normal business hours at the address provided above. The purpose of any such assessment is to secure the bonds issued to fund the Improvements. As described in more detail in the Assessment Report, the District's assessments will be levied against all benefited lands within the District. The Assessment Report identifies the legal description of the property within the District which will be subject to the assessments and the assessment amounts per parcel for each land use category that is currently expected to be assessed. The method of allocating assessments for the Improvements to be funded by the District will initially be determined on an equal assessment per gross acre basis. The methodology is explained in more detail in the Assessment Report. Also as described in more detail in the Assessment Report, the District's assessments will be levied against all assessable lands within the District. Please consult the Assessment Report for more details.

The annual principal assessment levied against each parcel will be based on repayment over thirty (30) years of the total debt allocated to each parcel. The District expects to collect sufficient revenues to retire no more than \$119,790,000 in debt to be assessed by the District, inclusive of fees and costs of collection or enforcement, discounts for early payment and interest. The proposed annual schedule of assessments is as follows:

All persons interested may ascertain the description of each property to be assessed and the amount to be assessed to each piece or parcel of property at the District Manager's Office stated above. All affected property owners have the right to appear at the public hearings and the right to file written objections with the District within twenty (20) days of the publication of this notice.

The Board meeting and hearings are open to the public and will be conducted in accordance with the provisions of Florida law for special districts. The Board meeting and/or the public hearings may be continued in progress to a date and time certain announced at the meeting and/or hearings.

If anyone chooses to appeal any decision of the Board with respect to any matter considered at the meeting or hearings, such person will need a record of the proceedings and should accordingly ensure that a verbatim record of the proceedings is made, which includes the testimony and evidence upon which such appeal is to be based.

Any person requiring special accommodations at the meeting or hearings because of a disability or physical impairment should contact the District Manager's Office at (561) 571-0010 at least 48 hours prior to the meeting. FHBA: Verify contractors are licensed

Following arrests of unlicensed contractors, the Flagler Home Builders Association asks residents to be cautious.

SIERRA WILLIAMS
STAFF WRITER

Flagler Home Builders Association Executive Director Annamaria Long said she sees multiple people pretending to be licensed contractors advertising their services every day on social media.

Unfortunately, scam artists offering discounted services for construction work is common, she said, and Palm Coast’s older and income-restricted populations are the prime targeted demographics. “It’s especially common with the elderly and with people who are on a very tight budget or financially strained,” she said. “Those are the two people that are the easiest to take advantage of in these situations.”

On Sept. 4, as part of an undercover operation, the Flagler County Sheriff’s Office arrested four individuals who were pretending to be licensed contractors in Palm Coast. There were 15 other individuals and 45 unlicensed businesses the FCSO were investigating who were not arrested that were identified from multiple complaints filed with the Florida Department of Business and Professional Regulation, the Flagler County Contractor Licensing Division and the Palm Coast Building Department.

The Flagler Home Builders Association is grateful for the FCSO’s and DBPR’s work on the undercover operation, Long said. The public needs to understand the importance of ensuring their contractor has a license and insurance.

“I hope to see that there are more consumers aware of this being a crime and why it is a crime,” she said. The four individuals who

were arrested – Patrick Branigan, 34, of DeLand, Thomas Rush, 30, of Palm Coast; Jacob Gayle, 31, of Jacksonville and Aristides Chavez Martinez, 68, of Palm Coast – are facing various charges of operating without a license or as an unregistered contractor. Branigan and Rush were released on \$1,000 bond and Gayle on a \$500 bond, while Chavez was turned over the U.S. Immigration and Customs Enforcement when the FCSO determined he was in the country illegally.

Each of the four men’s charges are first-degree misdemeanors, with potential penalties ranging from fines, probation or jail time. Long said that is not enough.

“Slaps on the wrist over and over again don’t cut it,” Long said. “That just allows people to continue doing crimes. And I think that we see that throughout all levels of crime.”

Long said she knows some people who may be more concerned with the cost may not care about their contractor’s licenses and insurances. But, she said, working with an unlicensed and uninsured individual will have

“There’s a number of repercussions that can and will happen,” she said.

First and foremost, she said, a homeowner will be liable if an uninsured person working

on their home is injured. Worse would be if something were to happen to the home, the home insurance won’t cover damages if the individual performing the work is unlicensed or uninsured, Long said.

Long used an example a unlicensed electrician performing work on the electrical box. If a fire occurs in the home, she said, and it is in any way linked back to that work, the insurance won’t cover the damages.

“You can lose your entire life savings,” she said.

Long said she has also heard people say that they could be scammed just as easily by a licensed contractor. That’s true, she said: having a license “doesn’t make you an angel.” But licenses and insurances are investments contractors make into their businesses. It’s not just financial investments, either, because contractors are required to continue their education to stay up to date in the industry.

It may cost a little more, she said, but it is a layer of safety and protection for the consumer, too.

“You have a much higher likelihood of doing or of having your job done correctly the first time,” she said. “And if something does go wrong, then you have opportunity for getting that rectified.”

HOW TO CHECK A CONTRACTOR'S LICENSE AND INSURANCE:

Checking to see if a contractor is licensed and insured is simple. Long said individuals should always ask to see their contractors license and proof of insurance.

While some trades are not licensed through the state, she said, all forms of building, plumbing, HVAC, electrical and roofing are, she said. The Department

of Business and Professional Regulation requires contractors to display their license numbers on their websites and their advertisements.

“It’s very, very easy to check,” she said.

Residents can verify contracting licenses through the following website through myfloridalicense.com. Flagler County’s website flaglercounty.gov/Growth-Building/Contractor-Licensing, has more information on contracting licensing requirements.
